EDUCATION

Ph.D. , Agricultural & Resource Economics, University of Maryland	2013
M.S. , Agricultural & Resource Economics, University of Maryland	2011
M.P.A. , Public Administration, Syracuse University, Maxwell School of Citizenship and Public Affairs	2006
Diplôme d'Ingénieur , Agronomy, Institut National Agronomique Paris-Grignon (INA P-G) (now AgroParisTech, now part of Université Paris-Saclay)	2004
DEUG , Life Sciences, Université Paris-Sud, Faculté des Sciences d'Orsay (now Université Paris-Saclay)	2001

TOPICS AND FIELDS OF INTEREST

Agricultural Economics; Resource Economics; Environmental Economics; Applied Econometrics; Climate Change Impacts and Adaptation.

Graduate Fields at Cornell: Applied Economics and Management; Public Policy; Economics; Natural Resources.

CURRENT APPOINTMENTS

7/2020–present	Associate Professor, Dyson School of Applied Economics and Management, Cornell University, Ithaca, NY
9/2021–present	Associate Professor, Brooks School of Public Policy, Cornell University, Ithaca, NY
7/2015–present	Fellow, Cornell Atkinson Center for Sustainability, Cornell University, Ithaca, NY

PAST APPOINTMENTS

9/2023–6/2024	Visiting Fellow, Center for Food Security and the Environment, Stanford University, Stanford, CA
1/2023–6/2023	Visiting Researcher, School of Economics, University of Sydney, Sydney, Australia
7/2014–6/2020	Assistant Professor and CoBank/Farm Credit East Sesquicentennial Faculty Fellow in Economics and Management of Agricultural Production Sustainability, Dyson School of Applied Economics and Management, Cornell University, Ithaca, NY
7/2013–6/2014	Fellow, Resources for the Future, Washington, DC
7/2012–7/2013	Short Term Consultant, Development Research Group — Environment & Energy Team (DECEE), World Bank, Washington, DC
7/2006–8/2008	Special Assistant to the Minister, Ministry of the Environment and Natural Resources, Government of the Dominican Republic, Santo Domingo, Dominican Republic

Department

- Member, Theory competency committee, Applied Economics and Management PhD program, Cornell University, 2014–2020
- Member, MS admissions committee, Applied Economics and Management, Cornell University, 2014–2018

University

- Member, Cornell Research Integrity Council, Cornell University, 2025–present
- Advisory Board Member, Office of Faculty Development and Diversity, Cornell University, 2025–present
- Affiliated faculty, Environment & Sustainability (cross-college major), Cornell University, 2019–present
- Advisory board member, Cornell Institute for Climate Smart Solutions, Cornell University, 2016–2019
- Member, Food Security Working Group, Cornell Atkinson Center for a Sustainable Future, Cornell University, 2018–2020
- Faculty adviser, Diversity in Cornell Economics (DICE) graduate student group, Cornell University, 2019–2022
- Member, Steering Committee for California-New York Climate Innovation Highway, Cornell University, 2021

Faculty Senate

- Member, Faculty Senate, Cornell University, 2020–2023 (3-year term)
- Member, Working Group F — A Required Educational Program for Faculty, Cornell University, 2020–2021

External

- Member, OECD Network on Agricultural TFP and the Environment, OECD, 2019–present
- Author, Economics Chapter, Sixth National Climate Assessment Report, U.S. Global Change Research Program, 2024–2028 (prematurely terminated in 2025)
- Board Director, Association of Environmental and Resource Economists (AERE), 2022–2024
- Member, National Agricultural Research, Extension, Education, and Economics (NAREEE) Advisory Board, U.S. Department of Agriculture (USDA), 2021–2023
- Member, Agriculture Workgroup, New York State Climate Impacts Assessment, 2021–2022
- Mentor, AERE Scholars Program, Association of Environmental and Resource Economists (AERE), 2021–2022
- Co-organizer, Online Summer Workshop in Environment, Energy, and Transportation (Economics) (OSWEET), 2020–2025
- Co-organizer, Global Open Series in Environmental Economics (GOSEE), 2020
- Advisory Board Member, Food Systems Needs Advisory Committee, Grow-NY Program, 2020

Editorial

- Associate Deputy Editor, *Climatic Change*, 2021–present
- Member, Editorial Council, *Journal of the Association of Environmental and Resource Economists (JAERE)*, 2020–present
- Member, Editorial Advisory Board, *Journal of Wine Economics*, 2021–present
- Member, Executive Editorial Board, *Environmental Research: Food Systems*, 2023–present
- Associate Editor, *American Journal of Agricultural Economics (AJAE)*, 2020–2023

HONORS AND AWARDS

- Quality of Communication Award, Agricultural & Applied Economics Association (AAEA) for “Large increases in public R&D investment are needed to avoid declines of US agricultural productivity” (with Robert G. Chambers, Yurou He and David B. Lobell), 2026
- Teaching Excellence — Graduate Program, Charles H. Dyson School of Applied Economics and Management, Cornell University, 2026 (2025–26 academic year)
- Best Paper Award (category "ML innovation"), Climate Change AI NeurIPS Workshop for “A GNN-RNN Approach for Harnessing Geospatial and Temporal Information — Application to Crop Yield Prediction” (with Joshua Fan, Junwen Bai, Zhiyun Li and Carla P. Gomes), 2021
- Quality of Research Discovery Award, Agricultural & Applied Economics Association (AAEA) for “The Role of Nonfarm Influences in Ricardian Estimates of Climate Change Impacts on US Agriculture”, 2021 (declined)
- Outstanding Article Award, American Journal of Agricultural Economics (AJAE) for “The Role of Nonfarm Influences in Ricardian Estimates of Climate Change Impacts on US Agriculture”, 2020
- Christophe Baron Prize, American Association of Wine Economists for “How big is the "lemons" problem? Historical evidence from French appellation wines”, 13th Annual AAWE Conference, Vienna, Austria, 2019 (paper presented by P. Mérel)
- Research Award, International Center for Pension Management (IPCM) for “Temperature Shocks and Earnings News”, 2018
- Best Paper Award, Geneva Summit on Sustainable Finance (GSSF) for “Temperature Shocks and Earnings News”, 2018
- Finalist, Big Data Innovation Challenge, World Bank, 2017
- Distinguished Dissertation Award (Social Sciences), University of Maryland, 2014 (recognizes original work that makes an unusually significant contribution to the discipline)
- Young Professionals Program, World Bank, 2013 (admitted; declined to pursue research career)
- Dr. and Mrs. Bill V. Lessley Award for Dissertation Excellence, Department of Agricultural & Resource Economics, University of Maryland, 2013 (awarded to the author of the best dissertation in the department)
- International Conference Student Support Award, University of Maryland — Office of the President and the Graduate School, 2013
- Distinguished Teaching Assistant Award, University of Maryland — Center for Teaching Excellence and the Graduate School, 2012 (2011–2012 academic year)
- Jacob K. Goldhaber Travel Grant, University of Maryland Graduate School, 2012
- Travel grant — Belpasso International Summer School "Extremes — Natural Disasters in Changing Climate", European Association of Environmental and Resource Economists (EAERE), Belpasso, Italy, 2011
- Distinguished Teaching Assistant Award, University of Maryland — Center for Teaching Excellence and the Graduate School, 2011 (2010–2011 academic year)
- Bessie H. Devault Award, Department of Agricultural & Resource Economics, University of Maryland,

2010 (best paper by a second-year graduate student)

- Syracuse University Graduate Fellow, Syracuse University, 2006 (2005–2006 academic year)
- Placed 3rd in national entrance exam to French "Grandes Écoles" of agronomy, 2001

GRANTS

1. National Science Foundation, project 1360424. "Impacts of Climate Change on the Phenology of Linked Agriculture-Water Systems." Collaborative Research with 7 co-PIs at 3 other institutions. Award: \$1,800,000 (AOB-managed: \$330,000). Period: 2014–2018.
2. Cornell Institute for Social Science (ISS), small grant. "Can public institutions resolve information asymmetries? Historical evidence from the French wine market." Award: \$10,000. Period: 2014–2015.
3. USDA National Institute of Food and Agriculture, Hatch / Multi-State, project 101155. "Impact Analysis and Decision Strategies for Agricultural Research." Award: \$137,500. Period: 2016–2021.
4. USDA National Institute of Food and Agriculture, Hatch, project 1017421. "A Near Real-Time Crop Yield Forecasting System for the Eastern United States." Award: \$105,000. Period: 2018–2021.
5. USDA National Institute of Food and Agriculture, INFEWS, project 1855984. "Agricultural-to-Energy Land Use Transitions: A FEW System Modeling Framework." Research with 5 other co-PIs. Award: \$2,400,000 (AOB-managed: \$350,000). Period: 2019–2021.
6. USDA, cooperative agreement 58-6000-9-0041. "Development of an Empirical Multi-Scale Agricultural Forecast Model." Award: \$16,193. Period: 2020.
7. USDA National Institute of Food and Agriculture, AFRI. "Evolving agricultural credit markets and resilience of the US farm sector." Role: Co-PI. Award: \$500,000 approx.. Period: 2021–2023.
8. USDA National Institute of Food and Agriculture, AFRI. "R&D and agricultural productivity in a changing climate." Role: Project Director. Award: \$500,000 approx.. Period: 2021–2023.
