Citizenship: DOM, ITA

APPOINTMENTS

- Cornell University, Ithaca, NY
  - Associate Professor, Dyson School of Applied Economics and Management, 7/2020–present.
  - Associate Professor, Brooks School of Public Policy, 9/2021–present.
  - Fellow, Cornell Atkinson Center for Sustainability, 7/2015–present.
  - Faculty-in-Residence Fellow (one semester of teaching relief), Atkinson Center for a Sustainable Future, 1/2018–5/2018.
  - Assistant Professor and CoBank/Farm Credit East Sesquicentennial Faculty Fellow in Economics and Management of Agricultural Production Sustainability, Dyson School of Applied Economics and Management, 7/2014–6/2020.
- Stanford University, Stanford, CA, Visiting Fellow, Center for Food Security and the Environment, 9/2023–6/2024.
- University of Sydney, Sydney, Australia, Visiting Researcher, School of Economics, 1/2023–6/2023.
- Resources for the Future, Washington, DC, Fellow, 7/2013–6/2014.
- World Bank, Washington, DC, Short Term Consultant, Development Research Group — Environment & Energy Team (DECEE), 7/2012–7/2013.
- Ministry of the Environment and Natural Resources, Santo Domingo, Dominican Republic, Special Assistant to the Minister, 7/2006–8/2008.

EDITORIAL POSITIONS

2021–present	Associate Deputy Editor, *Climatic Change*
2020–present	Member, Editorial Council, *Journal of the Association of Environmental and Resource Economists (JAERE)*
2021–present	Member, Editorial Advisory Board, *Journal of Wine Economics*
2023–present	Member, Executive Editorial Board, *Environmental Research: Food Systems*
2020–2023	Associate Editor, *American Journal of Agricultural Economics (AJAE)*

EDUCATION

2013	Ph.D., Agricultural & Resource Economics, University of Maryland, College Park
2011	M.S., Agricultural & Resource Economics, University of Maryland, College Park
2006	M.P.A., Syracuse University, Maxwell School of Citizenship and Public Affairs
2004	Diplôme d'Ingénieur, Institut National Agronomique Paris-Grignon (now AgroParisTech)

2001 D.E.U.G., Life Sciences, Université Paris-Sud (now Université Paris-Saclay)

FIELDS

Research: Agricultural Economics; Environmental and Natural Resource Economics; Climate Economics; Productivity and Technological Change; Applied Econometrics

Cornell graduate fields: Applied Economics and Management; Public Policy; Economics; Natural Resources and the Environment

WORK IN PROGRESS

1. Persistent temperature effects on agricultural productivity imply large climate change damages
Ariel Ortiz-Bobea, Yurou He, and David B. Lobell
In preparation
2. Creative destruction or lasting decline? Evidence from U.S. post-disaster recovery
Yurou He, **Ariel Ortiz-Bobea**, and Jiong Wu
In preparation
3. Heterogeneity and Market Adaptation to Climate Change in Dynamic-Spatial Equilibrium
Ivan Rudik, Gary Lyn, Weiliang Tan, and **Ariel Ortiz-Bobea**
R&R (R1), Journal of Political Economy Macroeconomics
4. Optimal Forest Management for Interdependent Products: A Nested Stochastic Dynamic Bioeconomic Model and Application to Bamboo
Tong Wu, David R. Just, C.-Y. Cynthia Lin Lawell, **Ariel Ortiz-Bobea**, and Jiancheng Zhao
Resubmitted (R1), American Journal of Agricultural Economics
5. The Bamboo Cycle
Tong Wu, Jennifer E. Ifft, David R. Just, C.-Y. Cynthia Lin Lawell, **Ariel Ortiz-Bobea**, Jiancheng Zhao, Zhangjun Fei, and Qiang Wei
Resubmitted (R1), Journal of the Agricultural and Applied Economics Association (JAAEA)
6. Climate Change as a Determinant of Migrant Family Reunification
Brian H. Park, Arnab K. Basu, Nancy H. Chau, Filiz Garip, and **Ariel Ortiz-Bobea**
Resubmitted (R1), Networks and Spatial Economics
7. The impact of extreme heat on farm finances: farm-level evidence from Kansas
Osama Sajid, Jenny Ifft, and **Ariel Ortiz-Bobea**
R&R (R2), American Journal of Agricultural Economics press policy
8. Nighttime heat drives nonlinear milk yield losses and economic costs across US dairy systems
Eukyoung Choi, Frances Davenport, Ziyi Lin, **Ariel Ortiz-Bobea**, Kristan Reed, Ermias Kebreab, and Nathaniel Mueller
Accepted, Nature Food

1. **Ariel Ortiz-Bobea** and Richard E. Just, "Modeling the Structure of Adaptation in Climate Change Impact Assessment for Agriculture". *American Journal of Agricultural Economics* (2013).

BOOK CHAPTERS

1. **Ariel Ortiz-Bobea**, "US Maize Yield Growth and Countervailing Climate Change Impacts". *Chapter in Climate Smart Agriculture*, 2018.
2. Katrina Jessoe, Pierre Mérel, and **Ariel Ortiz-Bobea**, "Climate Change and California Agriculture". *Chapter in California Agriculture: Dimensions and Issues*, 2018.

HONORS AND AWARDS

2026 Top 2% most-cited scientists, Agricultural Economics & Policy, single-year list, Stanford University and Elsevier (listed each year 2024–2026; 2026 rank 47 of 6,741 in subfield)

2026 Quality of Communication Award, Agricultural & Applied Economics Association (AAEA) for "Large increases in public R&D investment are needed to avoid declines of US agricultural productivity" (with Robert G. Chambers, Yurou He and David B. Lobell)

2026 Lone Mountain Fellow, Property and Environment Research Center (PERC), Bozeman, MT

2026 Teaching Excellence — Graduate Program, Charles H. Dyson School of Applied Economics and Management, Cornell University (2025–26 academic year)

2021 Best Paper Award (category "ML innovation"), Climate Change AI NeurIPS Workshop for "A GNN-RNN Approach for Harnessing Geospatial and Temporal Information — Application to Crop Yield Prediction" (with Joshua Fan, Junwen Bai, Zhiyun Li and Carla P. Gomes)

2021 Quality of Research Discovery Award, Agricultural & Applied Economics Association (AAEA) for "The Role of Nonfarm Influences in Ricardian Estimates of Climate Change Impacts on US Agriculture" (declined)

2020 Outstanding Article Award, American Journal of Agricultural Economics (AJAE) for "The Role of Nonfarm Influences in Ricardian Estimates of Climate Change Impacts on US Agriculture"

2019 Christophe Baron Prize, American Association of Wine Economists for "How big is the 'lemons' problem? Historical evidence from French appellation wines", 13th Annual AAWE Conference, Vienna, Austria (paper presented by P. Mérel)

2018 Research Award, International Centre for Pension Management (ICPM) for "Temperature Shocks and Earnings News"

2018 Best Paper Award, Geneva Summit on Sustainable Finance (GSSF) for "Temperature Shocks and Earnings News"

2017 Finalist, Big Data Innovation Challenge, World Bank

2014 Distinguished Dissertation Award (Social Sciences), University of Maryland (recognizes original work that makes an unusually significant contribution to the discipline)

2013 Young Professionals Program, World Bank (admitted; declined to pursue research career)

2013 Dr. and Mrs. Bill V. Lessley Award for Dissertation Excellence, Department of Agricultural & Resource Economics, University of Maryland (awarded to the author of the best dissertation in the department)

2013 International Conference Student Support Award, University of Maryland — Office of the President and the Graduate School

2012 Distinguished Teaching Assistant Award, University of Maryland — Center for Teaching Excellence and the Graduate School (2011–2012 academic year)

2012 Jacob K. Goldhaber Travel Grant, University of Maryland Graduate School

2011 Travel grant — Belpasso International Summer School "Extremes — Natural Disasters in Changing Climate", European Association of Environmental and Resource Economists (EAERE), Belpasso, Italy

2011 Distinguished Teaching Assistant Award, University of Maryland — Center for Teaching Excellence and the Graduate School (2010–2011 academic year)

2010 Bessie H. Devault Award, Department of Agricultural & Resource Economics, University of Maryland (best paper by a second-year graduate student)

2006 Syracuse University Graduate Fellow, Syracuse University (2005–2006 academic year)

2001 Placed 3rd in national entrance exam to French "Grandes Écoles" of agronomy

GRANTS

2021–2023 USDA National Institute of Food and Agriculture, AFRI. "Evolving agricultural credit markets and resilience of the US farm sector." Role: Co-PI. Award: approx. $500,000.

2021–2023 USDA National Institute of Food and Agriculture, AFRI. "R&D and agricultural productivity in a changing climate." Role: Project Director. Award: approx. $500,000.

2020 USDA, cooperative agreement 58-6000-9-0041. "Development of an Empirical Multi-Scale Agricultural Forecast Model." Award: $16,193.

2019–2021 USDA National Institute of Food and Agriculture, INFEWS, project 1855984. "Agricultural-to-Energy Land Use Transitions: A FEW System Modeling Framework." Research with 5 other co-PIs. Award: $2,400,000 (AOB-managed: $350,000).

2018–2021 USDA National Institute of Food and Agriculture, Hatch, project 1017421. "A Near Real-Time Crop Yield Forecasting System for the Eastern United States." Award: $105,000.

2016–2021 USDA National Institute of Food and Agriculture, Hatch / Multi-State, project 101155. "Impact Analysis and Decision Strategies for Agricultural Research." Award: $137,500.

2014–2018 National Science Foundation, project 1360424. "Impacts of Climate Change on the Phenology of Linked Agriculture-Water Systems." Collaborative Research with 7 co-PIs at 3 other institutions. Award: $1,800,000 (AOB-managed: $330,000).

2014–2015 Cornell Institute for Social Science (ISS), small grant. "Can public institutions resolve information asymmetries? Historical evidence from the French wine market." Award: $10,000.

KEYNOTE AND PLENARY TALKS

2026 "Large increases in public R&D investment are needed to avoid declines of US agricultural productivity". Opening plenary, agInnovation Fall Meeting, Grand Junction, CO. slides

CONFERENCES AND SEMINARS

2026 Arizona State University (Center for Environmental Economics and Sustainability Policy), Tempe, AZ; Arizona State University (Morrison School of Agribusiness), Mesa, AZ; Rutgers University (Agricultural, Food and Resource Economics), New Brunswick, NJ; University of Wisconsin–Madison (Agricultural and Applied Economics), Madison, WI; PERC, Bozeman, MT; ICABR 30th Conference, Ravello, Italy; 7th World Congress of Environmental and Resource Economists (WCERE), Carcavelos–Cascais, Portugal; Institute for Food and Resource Economics, University of Bonn, Bonn, Germany; EWEPA XIX, Munich, Germany

2025 University of Oklahoma, Online; Central Bank of Colombia, Online; AAEA Annual Meeting, Denver, CO; Paris-Saclay Applied Economics, Paris, France; OECD TFPN, Online

2024 SUFE, Shanghai, China; EC Joint Research Center, Sevilla, Spain; EWEPA, Faro, Portugal; ICABR, Ravello, Italy; Sustainability Research Seminar, Inter-American Development Bank, Washington, DC; Agriculture and Climate Change Workshop, Harvard University, Cambridge, MA; Montana State University, Bozeman, MT; University of San Francisco, San Francisco, CA; Santa Clara University, Santa Clara, CA; UC Davis, Davis, CA; University of Arizona, Tucson, AZ; Arizona State University, Tempe, AZ; Monash University, Melbourne, Australia; AARES Conference, Canberra, Australia

2023 Stanford University (FSE), Stanford, CA; Lincoln University, Lincoln, New Zealand; University of Adelaide, Adelaide, Australia; University of Wollongong, Wollongong, Australia; Australian National University, Canberra, Australia

2022 IMF-WB joint research seminar in climate economics, Online; U.S.-China Agriculture Roundtable: Thinktank Dialogue "Rural Prosperity and Climate Change", Online; Workshop "Food Security Strategies for a Changing World", Cornell University, Ithaca, NY; World Bank (Agricultural Policies Community of Practice BBL), Washington, DC; Indian Institute of Technology Tirupati, Tirupati, India

2021 UC Berkeley (ARE), Berkeley, CA; Online Agricultural and Resource Economics Seminar (#OARES), Online; UW-Madison Agricultural and Applied Economics, Madison, WI; Cornell SIPS, Ithaca, NY; American Society of Hispanic Economists, Online

2020 American Geophysical Union (AGU) Fall Meeting, Online; AERE@SEA, Online; Oregon State University (Applied Economics), Online; UC Berkeley (ARE), Online; Virginia Tech (AAEC), Online; Grow-NY Food and Ag Summit, Online; University of Connecticut (Economics), Online; VIII Cátedra de Economía del Caribe, Universidad del Norte, Online (Colombia); National Academies of Sciences, Engineering, and Medicine (NASEM) planning meeting, Online; NY State Association for Food Protection (NYSAFP) Annual Conference, Online; Michigan State University (AFRE), Online; Cornell Department of Natural Resources, Online; New York State Association for Food Protection 98th Annual Meeting, Online; AAEA Graduate Student Session on "Navigating Stress, Diversity, and Inclusion in Agricultural Economics", Online [panelist]; New Faculty Orientation Research Panel — Social Sciences, Cornell University, Ithaca, NY [panelist]; EAAE Summer Meetings, Online; AERE Summer Meetings, Online; Auburn University (AERS), Online; State University of New York (Economics), Albany, NY; TREE seminar at NC State / Duke / RTI, Durham, NC; Agricultural and Food Business Outlook Conference, Ithaca, NY [speaker]; Big Ag Data Conference, UC Giannini Foundation of Agricultural Economics, Davis, CA

2019 University of Arizona, Tucson, AZ; Arizona State University (SPGS), Tempe, AZ; OECD Network on Agricultural Total Productivity and the Environment, University of Maryland, College Park, MD; Heartland Environmental and Resource Economics Workshop, University of Illinois, IL [panelist]; Student-organized symposium "Speaking Economics", Ithaca, NY [panelist]; AAEA Summer Meetings, Atlanta, GA; AERE Summer Meetings, Lake Tahoe, NV; TWEEDS Workshop, Portland, OR

2018 ICABR Pre-conference workshop, multi-state project NC-1034, World Bank, Washington, DC; Kansas State University (Agricultural Economics), Manhattan, KS

2017 AAEA Summer Meetings, Chicago, IL; AAEA Summer Meetings, Chicago, IL; AAEA Summer Meetings, Chicago, IL; Northeast Workshop on Energy Policy and Environmental Economics, Dartmouth College, Hanover, NH; EPA NCEE, Washington, DC; USDA ERS, Washington, DC; AERE Summer Meetings, Pittsburgh, PA; Workshop "Advances in Estimating Economic Effects from Climate Change Using Weather Observations", Stanford, CA; USDA Multi-state Research Project NC-1034 "Impact Analyses and Decision Strategies for Agricultural Research", Tucson, AZ; Purdue University (Agricultural Economics), West Lafayette, IN

2016 AAEA Summer Conference, Boston, MA; ASSA-AERE Meetings, San Francisco, CA

2015 AAEA Summer Conference, San Francisco, CA; NAREA Summer Conference, Newport, RI; AERE Summer Conference, San Diego, CA; ASSA-AERE Meetings, Boston, MA

2014 AAEA Annual Meeting, Minneapolis, MN

2013 AAEA Annual Meeting, Washington, DC; AERE Annual Meeting, Banff, Ontario, Canada

2012 AAEA Annual Meeting, Seattle, WA; AERE Annual Meeting, Asheville, NC; AAEA session at ASSA Meetings, Chicago, IL

2011 AAEA & NAREA Joint Annual Meeting, Pittsburgh, PA

TEACHING

AEM 7010, Applied Microeconomics — Fall 2014–2019 *(graduate)*

AEM 2500, Environmental and Resource Economics — Spring 2015; Fall 2015–2022, 2024–2025 *(undergraduate)*

AEM 6850, Empirical Methods for Applied Economists — Spring 2019, 2021, 2025; Fall 2021–2022, 2025–2026 *(graduate)*

AEM 7675, Advanced Grad Research Seminar — Spring 2019–2020 *(graduate)*

AEM 7010, Doing Applied Economics Research: Practical Skills — Spring 2025–2026 *(graduate)*

AEM 6991, MPS Capstone Project 1 — Fall 2026 *(graduate)*

AEM 1500, An Introduction to the Economics of Environmental and Natural Resources — Spring 2027 (scheduled) *(undergraduate)*

GRADUATE STUDENTS

** indicates chair; * indicates co-chair.

Postdocs

Tzu-Hui Chen, 2026–

Shuo Yu, 2026–

Maria Gerullis, 2022–2023 → Postdoc, Goettingen University

Osama Sajid, 2021–2023 → Socio-Economic Specialist, Hatfield Group, BC, Canada

Haoying Wang, 2014–2017 → Assistant Professor, New Mexico Tech

PhD Students

Ayşegül Kılınç ** (Natural Resources)

Jeisson Prieto ** (Applied Economics)

Jerzy Jaromczyk * (Applied Economics)

Yurou He ** (Applied Economics)

Luc Esprabens (Applied Economics)

Yunran Wang (Applied Economics)

Ruiyi Ouyang (Applied Economics)

Qingli Fan (Economics), 2025 → Economist, Amazon

Tong Wu (Applied Economics), 2025 → Researcher, Natural Resources Institute Finland

Trinh Pham (Applied Economics), 2024 → Assistant Professor, Korea Development Institute

Zhiyun Li * (Applied Economics), 2023 → Economist, UCLA Anderson Forecast

David Frederick Gold (Civil and Environmental Engineering), 2022 → Postdoctoral Associate, Cornell University

Steven Wilcox (Applied Economics), 2022 → Assistant Professor, Utah State University

Sylvia Blom (Applied Economics), 2021 → Postdoctoral Fellow, University of Notre Dame

Lin Yang (Applied Economics), 2021 → Assistant Professor of Urban Governance and Design, Society Hub of Hong Kong University of Science and Technology (Guangzhou)

Xiaolu (Grace) Li (Earth and Atmospheric Sciences), 2019

MS Students

Zhuoyan Han ** (Applied Economics)

Trent Claessens (Applied Economics)

Yichen Li (Applied Economics and Management)

Ziyi Lin ** (Applied Economics), 2023 → PhD student, Cornell University

Gemma Del Rossi (Applied Economics), 2022 → PhD student, UCSB

Shuxin Liu (Applied Economics)

Ziqian Song ** (Applied Economics)

Henry Forehand Williams (Applied Economics)

Qingrun (Justin) Meng ** (Applied Economics and Management), 2017 → Analyst, Analysis Group, Boston

Elizabeth Womack (Applied Economics and Management), 2017 → Survey Statistician, U.S. Census Bureau

Linghui Wu (Applied Economics and Management), 2017 → PhD Student, University of New Hampshire

Matthew Utterback ** (Applied Economics and Management), 2018 → Economist, Transportation Security Administration. Second-place winner, Master's category of the 2018 ICPSR Research Paper Competition ("Investigating Weather Shocks and the Farmers' Perceptions of Climate Change in the American Farmland Market")

Lin Yang (Applied Economics and Management) → PhD student in Applied Economics, Cornell University

Ithipong (Billy) Assaranurak ** (Applied Economics and Management), 2019 → Data Scientist, Government Big Data Institute of Thailand

Sangwoo Park ** (Applied Economics and Management), 2020

Jiajun Du (Applied Economics and Management), 2020

Samuel Porter ** (Applied Economics and Management), 2021

SERVICE

Department

2014–2020	Member, Theory competency committee, Applied Economics and Management PhD program, Cornell University
2014–2018	Member, MS admissions committee, Applied Economics and Management, Cornell University

University

2025–present	Member, Cornell Research Integrity Council, Cornell University
2025–present	Advisory Board Member, Office of Faculty Development and Diversity, Cornell University
2019–present	Affiliated faculty, Environment & Sustainability (cross-college major), Cornell University
2016–2019	Advisory board member, Cornell Institute for Climate Smart Solutions, Cornell University
2018–2020	Member, Food Security Working Group, Cornell Atkinson Center for a Sustainable Future, Cornell University
2019–2022	Faculty adviser, Diversity in Cornell Economics (DICE) graduate student group, Cornell University
2021	Member, Steering Committee for California-New York Climate Innovation Highway, Cornell University

Faculty Senate

2020–2023	Member, Faculty Senate, Cornell University (3-year term)
2020–2021	Member, Working Group F — A Required Educational Program for Faculty, Cornell University

External

2026–2028	Topic Leader, Productivity Analysis and Emerging Technologies, Selected Paper Committee, Agricultural and Applied Economics Association (AAEA) (2027 and 2028 Annual Meetings)
2019–present	Member, OECD Network on Agricultural TFP and the Environment, OECD
2024–2028	Author, Economics Chapter, Sixth National Climate Assessment Report, U.S. Global Change Research Program (prematurely terminated in 2025)
2022–2024	Board Director, Association of Environmental and Resource Economists (AERE)
2021–2023	Member, National Agricultural Research, Extension, Education, and Economics (NAREEE) Advisory Board, U.S. Department of Agriculture (USDA)
2021–2022	Member, Agriculture Workgroup, New York State Climate Impacts Assessment
2021–2022	Mentor, AERE Scholars Program, Association of Environmental and Resource Economists (AERE)
2020–2025	Co-organizer, Online Summer Workshop in Environment, Energy, and Transportation (Economics) (OSWEET)
2020	Co-organizer, Global Open Series in Environmental Economics (GOSEE)
2020	Advisory Board Member, Food Systems Needs Advisory Committee, Grow-NY Program

PROFESSIONAL ORGANIZATIONS

Memberships

American Economic Association (AEA); Agricultural and Applied Economics Association (AAEA); Association of Environmental and Resource Economists (AERE); European Association of Environmental and Resource Economists (EAERE); American Association for the Advancement of Science (AAAS)

Referee activities

American Economic Journal: Applied Economics; American Journal of Agricultural Economics; Agricultural and Resource Economics Review; Applied Economic Perspectives and Policy; Climate Change Economics; Climatic Change; Environmental and Resource Economics; Environmental Research Letters; Food Policy; Journal of Agricultural and Applied Economics; Journal of Agricultural and Resource Economics; Journal of Applied Econometrics; Journal of the Association of Environmental and Resource Economists; Journal of Environmental Economics and Management; Journal of the European Economic Association; Journal of Political Economy; Land Economics; Latin American Economic Review; Management Science; Nature Climate Change; Nature Food; Proceedings of the National Academy of Sciences; Quantitative Economics; Quarterly Journal of Economics; Resource and Energy Economics; Review of Economics and Statistics; Review of Financial Studies; Science Advances; Science

Invited editor

Proceedings of the National Academy of Sciences

External reviews, grant and panel reviews

National Science Foundation, Decision, Risk, and Management Sciences, 2015; USDA, AFRI Environmental and Natural Resource Economics Program, 2016, 2021; European Research Council (ERC), Starting Grant, 2017
